DETAILS:

Attached is a spreadsheet listing the points surveyed on cerencov #6 along with a drawing showing the location of all measured points. The points measured along the top and bottom edges of each of the major sides were to high points along the roughly taped areas. Each of these points were also projected to the corresponding plane to provide a two dimensional profile. These points are named with a "C" prefix in the spreadsheet. Other constructed corner points listed with a "C" are intersections of the corresponding edges projected to the face of the plane. Also, the diameters of each circle measured on the legs are listed below.

LOCATION/NAME	DIAMETER
Leg1insidecircle1	25.44
Leg1insidecircle2	25.46
Leg1insidecircle3	25.35
Leg2insidecircle1	25.74
Leg2insidecircle2	25.67
Leg2insidecircle3	25.49
Leg3insidecircle1	25.73
Leg3insidecircle2	25.53
Leg3insidecircle3	25.69
